Secrets
(August 2020 - September 2020)
Secrets is a web app service that allows people to share messages anonymously publicly. Anyone can share their secrets without revealing their identities. This application uses Node JS, Express, JS, MongoDB but its front-end is managed over EJS (Embedded JavaScript templating). It uses passport OAuth system that allows user's convenience for login and register through social media

The Simon Game
(July 2020 - August 2020)
Simon is an electronic game of memory skill that test out your memory capacity. I converted the game into an application
